Dear parents,

In the event of a snow day or emergency day, your child should complete 4-5 activities in order to make a Bingo either up and down, left to right, diagonally, or 4 corners. If we miss two days, your child would need to complete 2 separate Bingos. Please initial the activities your child completes, or your child make highlight items completed if the paper form is not available. This paper should stay in your child's home folder until the end of the school year, but is also available on Classroom and www.st-maryschool.com under the 6th grade Classroom page.
